Scofield Idehen

Solidity || Cloud Computing || Python || Security
Delta

Summary

Creative and analytical Security Specialist, with sufficient working experience in Linux Configuration, Python Framework, Cloud Computing, and Solidity.

Using my knowledge within this field to develop and build world-class projects that are fault-tolerant and security inclusive.

I am detailed and committed and above all, I enjoy simplicity as I believe creating solutions are as important as the process alongside.

Follow my progress by clicking the link <https://github.com/Scofield-Idehen> to see some of my projects.

I enjoy reading and contributing to open-source.
